Then, in the late 14th century, the Dominican friar, Francisco de Vitoria, established the doctrine of legitimate right. This was the most persuasive defense of individual liberty that the West has produced. The only way to make intelligent decisions is to know the facts of the matter. But the facts of the matter are never the whole story. The law is shaped by the times in which it is created, and is often imperfectly interpreted or applied. The courts receive challenges to laws. The judges and lawyers get a kick out of these challenges to the status quo, because it is possible for courts to reverse laws, and even governments themselves, when the law is unjust or unworkable. So if you get fired from your job or feel like you cannot marry your partner, the law will be there to protect you. You cannot end up in the dungeons of Imperial Spain, without appealing to the king's justice. That is why the law is a giant kaleidoscope, in which all the colors get twisted and turned and change the way laws work and those who enforce them. Rajeshkumar | Agarathi (Dictionary).
